

Coordinating Committee of Business Interlocutors (CCBI)

World Summit on the Information Society (WSIS)
Tunis, 16 – 18 November 2005

PrepCom-3 – 19-30 September 2005
Subcommittee A, Internet Governance

Intervention by Ayesha Hassan (ICC)
Wednesday 28 September 2005

On behalf of CCBI, we appreciate the recognition of some of business' inputs in the compilation of comments, and that some of the delegations have found our contributions useful in the drafting process especially in section 3 B.

We are disappointed that business has not been able to observe the discussions in many of the drafting groups. As a result, we have had limited opportunity to review the latest text and would like to make comments on section 4 as some of the new text is duplicative of the work of the task force on financing mechanisms.

We would like to reserve the opportunity to speak later in this session once we have had an opportunity to review the latest text.

Thank you Chairman.

WHAT IS THE COORDINATING COMMITTEE OF BUSINESS INTERLOCUTORS (CCBI)?

The World Summit on the Information Society (WSIS) was held during the week of 8 December 2003 in Geneva, culminating in the Summit segment on 10-12 December 2003. The second part of this Summit will take place in 2005 in Tunisia.

Principals of the Summit host countries and executive secretariat invited the International Chamber of Commerce (ICC) to create the Coordinating Committee of Business Interlocutors (CCBI) as a vehicle through which to mobilize and coordinate the involvement of the worldwide business community in the processes leading to and culminating in the Summit. ICC and the CCBI group led the private-sector effort to provide substantive input into the first phase of the Summit, and mobilized the private sector to participate in the preparatory phases and at the Summit itself. The CCBI, is constituted of the following organizations and their members: Among the organizations actively involved in the work of the CCBI, in addition to ICC, are: Asociacion Hispanoamericana de Centros de Investigacion y Empresas de Telecomunicaciones, Brazilian Chamber of Electronic Commerce, the Business Council of the United Nations, Business and Industry Advisory Committee to the OECD; Global Business Dialogue on Electronic Commerce; Global Information Infrastructure Commission; Money Matters Institute; United States Council on International Business; World Economic Forum; World Information Technology and Services Alliance; French Publishers Association; International Publishers Association; and Gobierno Digital.
